Speculative Samples/Prototypes:

Speculative samples are approximate representations of custom printed products. They are made for raising customer interest. Speculative sample artwork quality is only suitable to convey design concepts. A speculative sample is not a press proof.

• Speculative Sample Types:

- 1) **Virtual Samples:** Computer files that are viewed on computer screen and/or printed with a desktop printer. Readily sent via e-mail as links or attachments. Virtual samples are available for all products shown in the catalog.
- 2) **Prototypes:** Physical mock-ups; usually made of paper. Prototypes are subject to availability.

• Art Requirements:

Artwork and layout instructions are needed with all speculative sample requests.

Two types of artwork can be used:

- a) Digital Files — including: .eps, .tif, .jpg, .ai, .bmp.
- b) Internet — images downloaded or captured from the web (.jpg or .gif). Must be cropped to show intent.

NOTE: 3M will not create original artwork such as photography, illustrations or most typeset copy for speculative samples.

• Pricing:

Pricing varies by product and complexity of design. Call for pricing and additional information on how speculative samples can be ordered.

Special Shrink-wrapping or Packaging:

Available at extra charge — call for pricing. Any special packaging requirements must accompany the order to ensure that an accurate delivery schedule can be established. Inserts or labels must arrive at the factory within three (3) business days of a complete order/proof approval, or the delivery schedule will be affected.

Standard Charges:

- Prices are **F.O.B.** point of shipment with transportation charges prepaid and charged. When routing is not specified on the order, 3M will use the most direct or least expensive method, at 3M's option.
- 3M will charge for each additional location and method. Call for quote.
- **Special Delivery Requirements:** If shipment of merchandise requires inside delivery or other special handling, instructions must be clearly described on order form.
- **NOTE:** Shippers will charge extra for this service.
- **Drop Shipments:** Orders may be shipped to more than one location. The request to drop ship part of an order to additional locations must be received with the order to ensure an accurate delivery schedule. 3M will charge for each additional location and method. Call for quote. If specific drop shipment addresses and/or shipping labels do not arrive at 3M's factory within **three (3)** business days of a complete order/proof approval, then the delivery schedule will be affected.
- **Third Party Ships:** All third party shipping will incur a service fee. Call for quote.
- **Inventory Release For Notes and Cubes ONLY:** Orders requesting partial shipments to be made at different intervals are subject to a service fee. Call for quote. First release must ship within normal catalog production time. **The distributor must sign agreement of these terms prior to production.** The entire order must be shipped and billed within 180 days from 3M's receipt of the original order.
