Providing Function and Organization

Your message will stick around on vertical surfaces with our Post-it® Super Sticky adhesive. This adhesive has 2x the sticking power of our original Post-it® Note adhesive. This extra strength allows notes to be placed on vertical, smooth and lightly textured surfaces. They can be placed in normal indoor conditions or dry outdoor conditions that are protected from the elements. These notes and the pressure-sensitive adhesive remove cleanly, are recyclable and repositionable. You can move them from place to place and they still stick!
